▶ **Virtue Tees**

by **Erinn**

Parents have you noticed how many slogan shirts are out there for babies, toddlers, and teens? Any given day I will see shirts that say "Daddy's Girl, Princess, Crabby or High Maintenance" on kids. Monika Hall decided to do something good with this newest fad, so she started [Toddler Virtue tees](#).

These [virtue tees](#) work by using their '5 steps to teach virtues method'.

- read the virtue to your child.
- define your virtue
- tell a story teaching the virtue
- repeat it when the shirt is worn
- then pass it on to someone else

Their goal is that by the time your toddler has outgrown their tee, the virtue will be engrained in their heart forever. Then you can pass it on to a younger cousin or friend. Why not teach our children about virtues as we do the ABCs and different colors and shapes? Lets make these shirts a learning tool. Perhaps these tee shirts will make a difference in the world, and what would be better than that?

These shirts are generously sized and beautifully made. they held up in the washer and dryer and came out as good as new.

We have the "tolerance" tee shirt and I will be buying the "courage" and "Kindness" shirts for my kids too. They are available in 2T to 4T. These are beautiful shirts that are perfect for your toddlers as well as for gifts!

They are perfect for the world.

About Baby Gear

Reviewing Baby Gear is a site for every Mom, Dad, Grandparent, or Mom-to-be. I take the guess work out of what to register for that new little baby or what toy is perfect to give a toddler. The stores are inundated with baby related gear don't waste your money on things you will never use, read what is useful, what is necessary and what the kids in my life love.
